Connecting
Volunteers

Recent Achievements

- Our team is growing thanks to your support! To date, we've gained help in the following areas: Social Media, Content Creation, Engineering, Legal, HR and Research. Each of these areas are critical in the development of our programs and the future we want to provide for survivors.

- We launched our first virtual orientation in October with a group of our newest volunteers. Read more about it below!

Future Goals

- As an organization we are working tirelessly to secure funding from potential partners. In the next few months, we hope to secure enough funding for the brand removal of 30 survivors.
- We are kicking off the development process for our Telemental Health App which we hope to complete sometime in 2021.
- We intend to have our official board members secured in early 2021.

A Welcome Message from Airicia Kraehmer

Dear Flying With Air Women Survivors Volunteer,

 Thank you for sharing with us the gift of your time and talents. Our volunteers are the driving force and soul of our organization. Our goal is to provide free-of charge mental health services to all survivors of human trafficking and repeated sexual violence on a national level is grand, yet it is volunteers like you who make these dreams reality. In fact, our mission can only be fulfilled with the efforts and talents of volunteers all over the country working together to meet a need that has plagued our nation for too long. Because of our volunteers' commitment to reduce the stigma of receiving mental health services after complex trauma, we are empowering and uplifting an unserved population to become successful and happy contributing members of our society. Thank you for the time and commitment to human trafficking and repeated sexual assault survivor mental health rehabilitation.

Airica D. Kraehmer President & Founder

"Our goal is to provide free-of charge mental health services to all survivors of human trafficking".

Potential Partnerships

We are currently working towards building a partnership with the Polaris Project as a service provider. Polaris helps tackle human trafficking by responding to it through data and research. The more we know, the faster we can end it.

For more information about their project please go to https://polarisproject.org.

Celebrations

In October we launched our first virtual orientation for our Summer/Fall volunteers. The meeting was led by Airica Kraehmer (Founder and President), Dianna Gearin (Director of Corporate Partnership), and Katherine Nguyen (HR Generalist).

Thank you to all who could join our first event. We look forward to hosting the next orientation in Winter 2021.

"The survivors in our care are empowered with restorative life readiness skills after complex trauma and enslavement."

Referrals

If you have someone in mind that might fit one or more of our volunteer opportunities, please let us know. We are incredibly thankful for any helping hands. Reach out to any of our volunteer coordinators or support@flyingwithair.org to refer a friend. We're currently looking for:
